

Technique

Technique is simply the physical skills need to play a musical instrument. In the case of the ukulele it's the fingers of the right and left hand that need to be developed.

One Finger-One Note Single String Gymnastics

Model using Finger 1*

* Traditional TAB typically indicates what fret to play. Here I'm using TAB to indicate what finger to use *NOT* the fret. These gymnastics can be played starting on any fret.

Here are the 4 possible two finger-two note gymnastic combinations. Explore these combinations ascending and descending using the above model.

Remember to maintain a four finger-four fret *basic* fingering position. The four fret-four finger position of a fret per finger is the default *basic* fingering position.

Variations

Descending-Ascending

Start on string one and descend to string four and ascend back to string one.
